

I urge the FCC to reject the NAB petition 04-160. I have been a listener of satellite radio for several years. I enjoy the variety, coverage and quality that satellite radio delivers that is not delivered by either AM or FM. I do not listen to either AM or FM anymore, and have several vehicles with satellite radio installed, as well as having it available at my place of work.

Again, I urge the FCC to reject petition 04-160.
